- Developed an AI-powered travel planning platform for itinerary generation and trip management.
- Implemented destination discovery, expense tracking, and personalized travel recommendations.
- Designed a modern and responsive user interface focused on user experience.

Certifications

- **Full Stack Web Development (Delta Batch)** – Apna College [Verify]
- **Data Structures and Algorithms with Java (Alpha Batch)** – Apna College [Verify]
- **Career Essentials in Generative AI** – Microsoft & LinkedIn [Verify]
- **TCS iON Career Edge – Young Professional** [Verify]

Achievements

Competitive Programming — *LeetCode*

[View Profile]

- Solved 200+ problems covering Data Structures and Algorithms.

PU Code Hackathon 3.0 — *Parul University*

2026

- Participated in a university-level hackathon and developed an innovative solution with a team.
